Maintenance kit

Maintenance kit:

All-in-one kit when you need a little of everything

If you need either extreme stroke or power, but have for example to change the pressure head frequently, screw down the cylinder, or use various accessories, then we recommend some of our maintenance kits. In addition to the basic pack, you can extend it with several accessories.

Pumps

PH 077

PH 107

PL17

Pressure kits:

Art. Nr	Picture	Type of pump included
SA10-51	A	PH077 one stage hand pump
SA10-52	B	PH107 two stage hand pump
SA10-53	C	PL17 air driven pump

Standard accessories : (Standard in all kits)

Art. Nr	Picture	Description	Quantity
CF 10-150	1	Push cylinder 127kN (800 bar)	1
TS 1.8	2	High pressure hose L=1800	1
TK 5	3	Quick coupling, female G1/4"	1
TA 10-31	4	Bottom adapter	1
TA 10-5	5	Pressure head, serrated	1
TA 10-15	6	Extension pipe 76 mm	1
TA 10-16	7	Extension pipe 127 mm	1
TA 10-17	8	Extension pipe 254 mm	1
TA 10-19	9	Extension pipe 510 mm	1
TA 10-26	10	Connector, female	2
TA 10-27	11	Connection pin	1
TA 10-25	12	Connector, male	1
TA 10-28	13	Locking pin	2
TA 10-8	14	Wedge head	1
TA 10-7	15	V-head	1
TA 10-1	16	Support pad	1
TL 80	17	Wood box	1

Extra accessories:

Art. Nr	Description
TA 10-9	Angle head for piston
TA 10-11	Angle head for cylinder UN 2 1/4"-14
CS 10-80	Spreader 9 kN 700 bar
TA 10-2	Push head, ball shaped 3 "
TO 1	Oil 1 L
CD 11-127	Pull cylinder 110 kN
TR 16	Shackle including bolt and nut
TA 10-72	Chain and hook L=2000 mm
TD 6-98	Chain bracket for CD11-127
TA 10-21	Extension pipe L=760 mm
TA 10-70	Quick extension
TA 10-71	Chain traverse UN 2 1/4"-14
TA 10-40	Supporting pad, mobile
