# WHY? Why Powertools Sweden distribute Scrap'Air?

Companies always look for the best solutions to increase their productivity and improve the working conditions of their employees.

In Europe, companies have the obligation to ensure the health protection and safety of their employees (toxic substance exposures and musculoskeletal disorders).

*Efficiency, expertise, solutions are Powertools Sweden AB's commitments.*

*That is why Powertools now offers MABI's 50 years of **expertise** from Europe – with an innovative **solution** – in order to launch an improved **service** for construction- and industrial companies in Sweden: ergonomic and efficient tools for industrial maintenance and stripping in foundries, wood/food industry, oven cleaning etc.*

**INNOVATIVE INDUSTRIAL TOOLS OFFER  
EFFICIENCY, POWER AND PRECISION**

**POWERTOOLS – A WORLD LEADER IN  
PNEUMATICS, HYDRAULICS, TAPPING  
ARMS AND TORQUE WRENCHES**

Powertools develops, manufactures and markets products in four business areas: Pneumatics, Hydraulics, SL Balance & Tapping Systems and Torque Wrenches. Your particular needs may be met with tools from more than one of these areas or you may need a new design for the optimal solution. Powertools' application engineers and technicians are passionate about solving problems and are happy to discuss customised tools.

# WHY? Why Powertools Sweden distribute Scrap'Air?

Expert in the distribution and production of high quality building materials, Powertools Sweden – in accordance with its values – bring an innovative solution adapted to the renovation professionals to remove any types of materials on all surfaces.

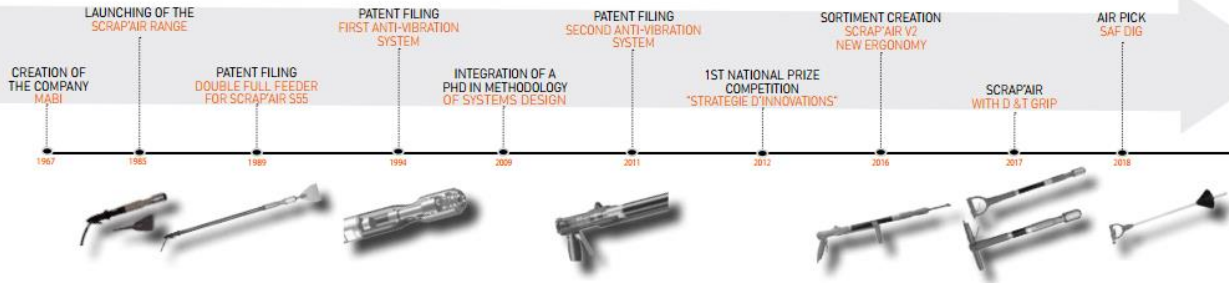

« **Today users health protection at construction sites means protecting the companies that hire them**»: this is the message Powertools Sweden conveys to all its customers.

## **5 good reasons to choose from Scrap'Air range**

- 1. Unique technology in Europe**, make the difference in the industry with highly innovative and safety equipment.
- 2. Sale and technical support**, trainings of your team and strong online presence with tutorial videos.
- 3. Easy to use**, large range of tools adapted to lots of stripping conditions.
- 4. Easy to maintain**, with the pneumatic technology and the high-quality of the components.
- 5. MABI's 50 years of experience**, with continuous improvement of the safety and ergonomics of its products.

# HOW? How was Scrap'Air born?

*What makes all the difference of Scrap'Air range is the focus on the users working conditions as well as on the work itself.*

It is thanks to this philosophy that the founder of MABI, Marc Bidaux invented the first ergonomic stripper, 40 years ago, and successfully filed the first high percussion system patents to strip floors and walls.

To continue in this spirit, other innovations have perfected the range, such as those developed by Olivier Bidaux, the current manager, regarding the optimization of ergonomics and the reduction of vibrations.

Scrap'Air tools are designed and manufactured exclusively in France. As a manufacturer, Scrap'Air are committed to a high level quality, ensuring the products high reliability and low maintenance, even for intense use in extreme environments.

## • INNOVATION

Over the years the company focus has been researchs to increase the performance of its equipment and improve the comfort of the user.

## • EFFICIENCY

In a process of continuous improvement, MABI uses its site experience and technical know-how to improve the application methods.

## • PROFITABILITY

A rigorous selection and complete ranges to save you time and money.

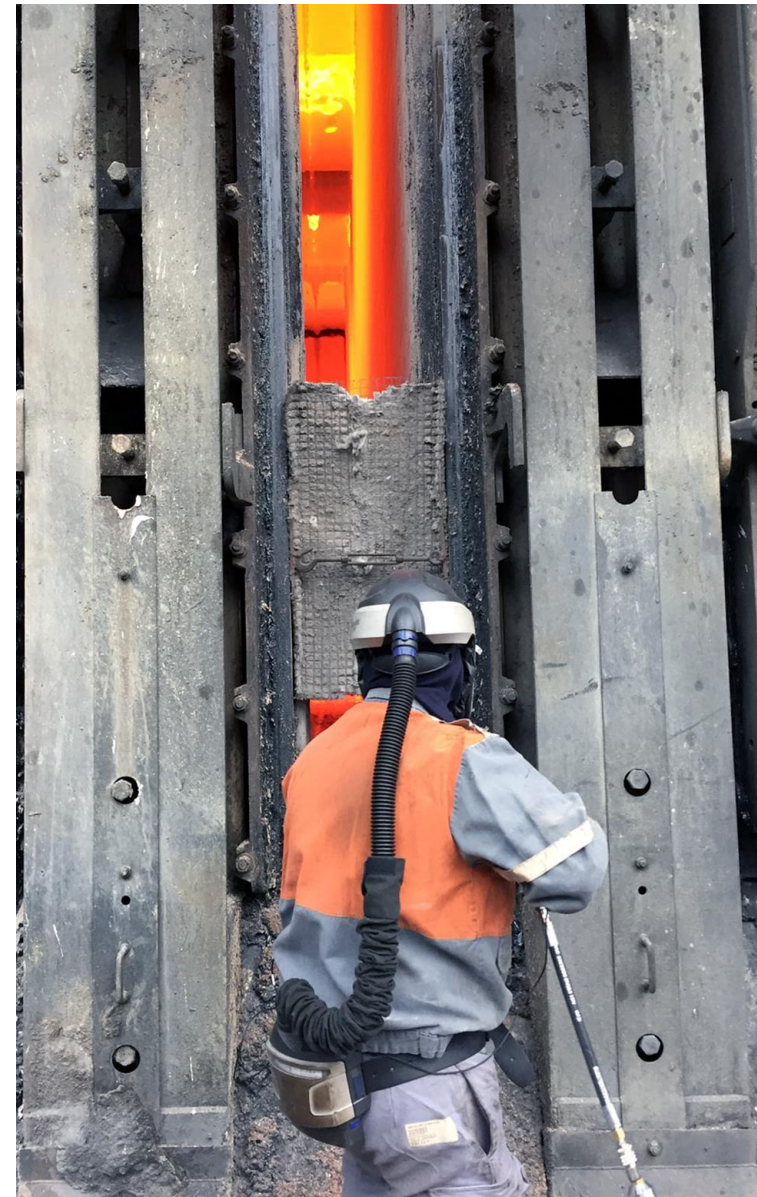

# HOW? How does Scrap'Air make the difference?

A production method with European standards and the long lifespan of the material are our environmentally friendly commitments, in line with a long-term strategy, born 50 years ago.

## *5 good reasons to choose Scrap'Air pneumatic stripper*

- 1. **Improve working positions**, usability and efficiency thanks to ergonomic handles designed for optimizing angles of comfort.*
- 2. **Prevent from musculoskeletal disorders (MSDs)** while increasing the operating time with the two patented anti-vibration systems that minimize vibration.*
- 3. **Benefit from a high productivity** thanks to pneumatic energy which ensures an incomparable ratio weight / power. It allows to be used in the most extreme environments (dust, heat, humidity, corrosive atmosphere).*
- 4. **Safe work** thanks to a fast and simple connection of the tools*
- 5. **Optimize your return on investment** thanks to:*
  - French manufacturing in our workshop ensures a maximized lifespan,*
  - Tools made from tempered steel offering high resistance for a longer life and a grit blasted surface preventing oxidation,*
  - A high-end equipment design limiting maintenance costs.*

# WHAT? What do customers need for industrial stripping?

**INDUSTRIAL STRIPPING**  
MIXER / TRUCK MIXER /  
CONVEYOR / MOLDS / ETC...

**AIR CONSUMPTION:** 280L/min  
**TOOL SHANK:** HEXAGONAL 14 mm  
**POWER:** 30 JOULES  
**FREQUENCY:** 2950 BLOWS/min  
**PRESSURE:** 6-8 BAR

## S38 SHORT V1

**ANTI-VIBRATION:** NOZZLE HEAD  
**WEIGHT:** 3.8 KG  
**LENGTH:** 52 CM

V1

## S38 SHORT V2

**ANTI-VIBRATION:** NOZZLE HEAD & HANDLE  
**WEIGHT:** 4.4 KG  
**LENGTH:** 53 CM

V2

# WHAT? What do customers need for floor stripping ?

## S55 LONG V2

ANTI-VIBRATION: NOZZLE HEAD & HANDLE **V2**  
WEIGHT: 6.8 KG  
LENGTH: 123 CM

## KIT Floor Removing

SCRAP'AIR 55® delivered in a handy-box including:

- 1 carpet knife [01] / Ref. 07030234
- 2 extra steel blades [02] / Ref. 07030225
- 1 delta knife 15 CM courbe [03] / Ref. 07030240
- 1 asphalt chisel [04] / Ref. 07030245
- 1 chisel 5 CM [05] / Ref. 07030255
- 1 in-line oiler [06] / Ref. 08020061
- 1 Fitting claw [07] / Ref. 08020009
- 1 oil-can [08] / Ref. 080200020
- 1 protection kit [09] / Ref. 05030024

## KIT Floor Demolition

SCRAP'AIR 55® delivered in a handy-box including:

- 1 delta knife 15 CM courbe [03] / Ref. 07030240
- 1 chisel 5 CM [05] / Ref. 07030255
- 1 pointed chisel [10] / Ref. 07030285
- 1 in-line oiler [06] / Ref. 08020061
- 1 Fitting claw [07] / Ref. 08020009
- 1 oil-can [08] / Ref. 080200020
- 1 protection kit [09] / Ref. 05030024

07070710

KIT ROOFING REMOVING S55 V2 LONG

07070720

KIT FLOOR DEMOLITION S55 V2 LONG
